

**OR40**

**OR40-HD**

## Room Type Temperature Sensor

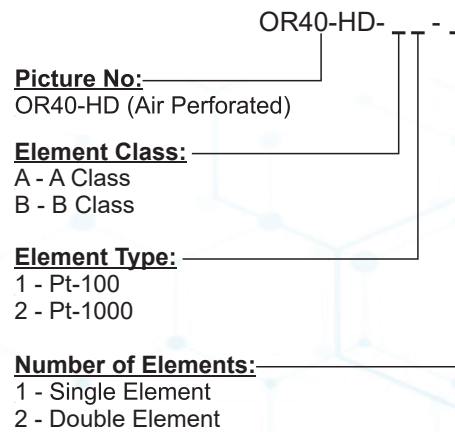

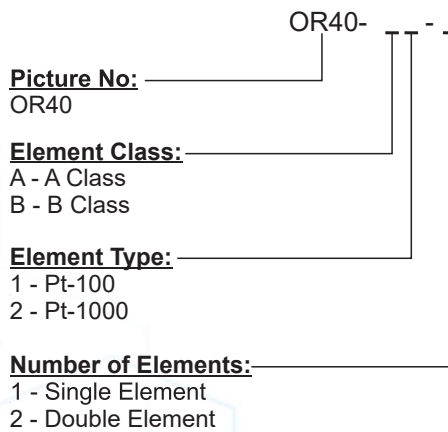

### Sensor Features

Pt-100 or Pt-1000 Element Types  
Working Temperature Range -70...+80°C  
IP65 Protection  
Sensor Dimensions;  
Diameter: 6mm  
Length: 100mm

OR40 and OR40-HD type sensors are sensors used to measure room temperature in many areas.

Element types of these sensors are given as Pt-100 or Pt-1000 as 6 mm in diameter and 100 mm in length.

### Product Code

### Technical Specifications

Working Temperature Range	-70.....+80°C		
Electrical Connection	Screw Terminal Block		
Dimensions	Width : 58 mm	Height : 117 mm	Depth : 35 mm
Protection Class	IP65		
Sensor Dimensions	Ø6 mm L: 100 mm
