

Vibrating Type Level Sensor

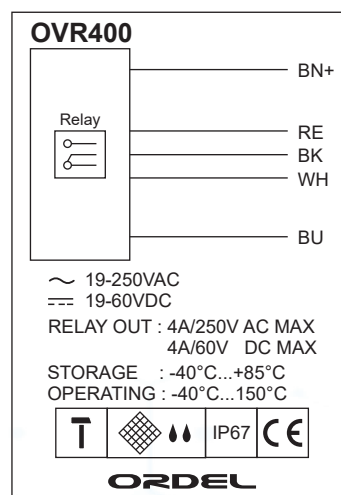

OVR400

Sensor Features

Easy Electrical Connection M12 PIN Connector
IP67 Protection
Universal Electrical Supply and Relay Output
Complete AISI316 Stainless Steel Design
Calibration Opportunity According to the Density of Flows
Ability to Work in Solid and Liquid Flows

Connection Diagram

Technical Specifications

Connection	G1" Output : SPDT Relay
Wet Parts	AISI316 Protection Protection : IP67
Supply	20...60Vdc ve 20...250Vac
Feeling Range	Solid : >0,1 kg/l (Smaller than 10 mm) Liquid : >0,7 kg/l
Temperature	-40...150°C
Pressure	-1...40 Bar
Viscosity	<10000 mm ² /s
